October 11, 2010

Ms Linda Rushing, Vice Chancellor
University of Arkansas at Monticello, College of Technology - Crossett
1326 Highway 52 West
Crossett, AR 71635

Dear Ms Rushing:

The Commission of the Council on Occupational Education met on September 11-13, 2010, to take action on accreditation matters. At this meeting the Commission reviewed your Self-Study, Team Report, Institutional Response Report, and other supporting documents for reaffirmation of accreditation.

We are pleased to inform you that the formal action of the Commission was to continue the programmatic accreditation of University of Arkansas at Monticello, College of Technology - Crossett, 1326 Highway 52 West, Crossett, AR 71635. The Commission scheduled reaffirmation to occur five years from your institution’s last scheduled reaffirmation and approved your institution to host a visiting team in 2015 (Handbook for Programmatic Accreditation, Reaffirmation of Accreditation, page 8). Enclosed is a list of approved programs offered at your institution as of this date.

Reaffirmation denotes that an institution has maintained quality programs, again undergone an extensive self-study and team review process, and has continued to meet the Commission’s Standards and Conditions for accreditation. Accreditation is granted annually with subsequent reaffirmation scheduled for two to six years. Each institution must substantiate its accreditation each year through an annual report which reflects the current status of the institution.

The Commission’s action on your institution’s accreditation indicates that the Commission has found your institution to be in compliance with COE requirements on student achievement as specified in the Handbook of Accreditation. Specific criteria applicable in reaching this conclusion are Criteria C-6 and C-7 and Criteria D-1 and D-2. The COE annual report requires your institution’s chief administrative officer to verify your institution’s continued compliance with the above mentioned criteria. Failure to remain in compliance with these requirements will result in loss of accreditation by your institution.

The members of the Council on Occupational Education extend to you, your faculty, and your staff their congratulations on having attained the status of a COE-accredited occupational education institution.
October 11, 2010

The effective date of this decision is **September 13, 2010**.

The 2010 COE Annual Meeting will be held November 4-6, 2010 at the Sheraton Crescent Hotel Phoenix, 2620 West Dunlap Avenue, Phoenix, Arizona 85021. Attendance at this meeting is very important for the vitality of the Council and advancement of the mission of COE – “Assuring quality and integrity in career and technical education.” I would strongly encourage representatives of your institution to attend and participate in this meeting. The meeting registration form and housing information are posted on the Council’s web site (www.council.org).

Please be assured that the Commission stands ready to assist you and your institution in your efforts to improve occupational education. Do not hesitate to call on us if we can be of service.

Sincerely,

[Signature]

Gary Puckett, Executive Director
Commission of the Council on Occupational Education
