FOOTNOTES:
(a) Deductible means a fixed dollar amount that you must incur each calendar year before the health plan begins to pay for covered medical services. The calendar year deductible applies to all Covered Services except for those that a Co-payment applies, unless otherwise noted. In-network deductibles do not apply to out-of-network deductibles and visa versa. Two individual deductible = family deductible.
(b) Coinsurance means a fixed percentage of charges you must pay toward the cost of covered medical services. Coinsurance applies to all Covered Services except those for which a Co-payment applies unless otherwise noted.
(c) Medical Out of Pocket Maximum is the maximum combined deductible, coinsurance and copayments you will pay in any calendar year. It does not include costs for services not covered by the plan such as exclusions, limitations and pharmacy copayments. The maximum OOP for prescriptions drugs is a separate OOP from medical expenses. Family OOP max requires two individual family member meet the individual OOP max.
(d) Co-Payment means a fixed dollar amount that you must pay each time you receive a particular medical service. You pay a co-payment when you obtain health care directly from your Network Primary Care Physician or a Network Specialist. Certain services rendered in the Network Primary Care Physician or Network Specialist’s office are not subject to the deductible. Services rendered in the Network Primary Care Physician or Network Specialist’s office that are subject to deductible, coinsurance and additional copayments include advanced imaging such as MRI, CT Scans, PET Scans and Nuclear Medicine (imaging studies using medical radioisotopes), Temporomandibular Joint Disorder (TMJ) treatment and all therapy including chiropractic.
(e) When you obtain health care through a Non-UMR Provider, your benefit payments for covered services will be based on the Maximum Allowable Payment for out-of-network services, as determined by UMR. Charges in excess of the Maximum Allowable Payments do not count toward meeting the deductible or meeting the limitation on your Out of Pocket maximum. Non-UMR Providers may bill the patient for amounts in excess of the Maximum Allowable Payment.
(f) Well baby/child visits from an In-Network provider are covered in full from birth until the day the child attains age 19.
(g) Maternity inpatient charges are subject to co-payment and coinsurance. It is your responsibility to notify Human Resources within 31 days of the birth or adoption of your child in order to obtain coverage for your newborn.
(h) Maximum combined Inpatient co-payment per calendar year is $1,200 per person (no more than one co-payment per 30 calendar days).
(i) The TMJ deductible is separate from the other In-Network or Out-of-Network deductibles. The TMJ deductible is in addition to any In-Network or Out-of-Network deductible and requires pre-authorization.
(j) Vision Exams: Ophthalmologist or Optometrist in-network and out-of-network benefits are the same.
(k) Under the Point of Service Plan and the Classic Plan, Co-payments at non-participating pharmacies will be $18.50 for Tier 1, $53.50 for Tier 2, and $83.50 for Tier 3. If a new enrollee has to get a prescription prior to receiving his/her pharmacy card, he/she will have to pay for the prescription in full, apply for reimbursement, and will be reimbursed less the $18.50, $53.50, or $83.50 Co-payments. Alternatively, if the enrollment process has been completed and benefits are in effect, a temporary prescription drug ID card can be printed by going to www.medimpact.com, registering and clicking on ‘member ID card’. A complete summary of prescription drug benefits is also on the above web-address. Prescription drug OOP max $1600 individuals and $3200 family. Excluded or non-covered medication or devices do not apply to the RX OOP maximum.
(l) Preventive care services and cancer screenings will follow the U.S. Preventive Task Force Recommendations. See the health plan Summary Plan Description for details on coverage.

The following procedures for both the Point of Service Plan and the Classic Plan will require pre-authorization before the services are rendered:
1. Any admission to Inpatient Facilities or Partial Hospitalization Units
2. Any referral by your PCP to an Out-of-Network Provider
4. Home Health Care and Home Infusion Services
5. Transplant Services (including the evaluation to determine if you are a candidate for transplant by a transplant program)
6. All Advanced Imaging (CT, MRI, Thallium Stress Test, PET. Go to www.UMR.com for a complete listing) regardless of place of service.
7. MRI of the Breast
Note: Certain other services have special Pre-authorization including surgical treatment of Temporomandibular Joint Dysfunction (TMJ), Accidental Injury to Teeth.

Procedures for testing and treatment of a diagnosed condition will be subject to deductible and coinsurance.

The Smoking Cessation Program: smoking cessation program provides free PCP visits and $0 copay for certain nicotine addiction drugs.

The Diabetes Management Initiative and the Healthy Heart Program provide the opportunity for $0 copayments on certain medications. For more information on all programs call UMR 888-438-6105
