Dr. Sugg spoke about the process for hiring a new chancellor: speak to faculty, staff, students, and community leaders. Dr. Sugg spoke about the recenthirings around the state and how the chancellors were found. Dr. Sugg then asked the Assembly to give him some feedback on the kind of person that we wanted in a chancellor. Dr. Moore commented that he would like to see someone with a priority for retaining good faculty. Dr. Terrell added that he would like to see a national search for a new chancellor to keep the diversity of the campus. Dr. Webster asked about the amount of time that the process would take. Dr. Sugg responded that approximately six months would be adequate. Dr. McConnell asked Dr. Sugg when the decision would be made to conduct a national search or to hire within. Dr. Sugg assured her that decision would be made very soon. Dr. Cabiness asked about the percentage of chancellors that were hired outside of the system. Dr. Sugg explained that inside the system are good leaders. Dr. Sugg claimed that the school needed, "visionary, effective leadership." Dr. Marshall commented that Dr. Jack Lassiter’s name had been mentioned and asked Dr. Sugg to provide clarity. Dr. Sugg stated that Dr. Lassiter would be a good candidate for chancellor. Dr. Trana voiced his support for a national search because he felt that faculty would like the input. Dr. Moore supported Dr. Trana and added that it would increase faculty morale. More support for a national search was voiced. Brett Eckert, SGA president, spoke on behalf of the students by saying that the students would like to improve student relations with administration and increase community involvement. Eckert also supported a national search. Dr. Sugg agreed that both of those relationships were important. Dr. Tappe added that he felt it important for the new chancellor to see beyond southeast Arkansas. Dr. Collins commented that she felt it important for the new chancellor to have sound financial knowledge. She also added that integrity was a necessary characteristic. Dr. Graber claimed that being a good listener was an imperative quality. More support for a national search was voiced. Dr. Gulledge asked if faculty may recommend a candidate from within if no national search is conducted. Dr. Sugg answered, "yes." Dr. Stewart added that she would like the new chancellor to be a person that is dedicated to academic excellence. One forestry professor claimed that UAM faculty need to present a united front with a mission in mind. Dr. Sugg supported a strategic planning process. Before Dr. Sugg left the meeting, he offered his e-mail address and telephone number to the Assembly: basugg@uasys.edu, (501)686-2502.
