Sigma Zeta Inducts 15 New Members

The Beta Pi Chapter of the Sigma Zeta Math and Science Honor Society held their annual initiation banquet on Thursday October 16, 2014 in the Capitol Room of the University Center. To qualify for membership, students majoring in a natural science, computer science or mathematics must have completed a minimum of 25 hours and have both a 3.00 GPA in math and sciences and overall. UAM had 15 new members initiated at the banquet. The new members are: Taylor Ashcraft, Logan Bone, Alexa Emanuele, Reed Grant, Allison Haire, Walker Jarrett, Miranda McCoy, Rachel Morgan, Nicole Nichiniello, Melodie Sandlin, Seth St. John, Danielle West, Donnell White, Jeremy White, and Devon Wray. A new faculty member, Ms. Lauren Morgan was recognized as a new Sigma Zeta faculty member.

Dr. Charles Dolberry is the Principal Advisor for the group and led the initiation of the new members. The Sigma Zeta officers for 2014-2015 are: Taylor Snider, President; Joe Brown, Vice-President; John Derrick, Secretary; Danielle Cook, Treasurer; Crystal Haynes, Historian. The Sigma Zeta honor society is very active in providing service to the School of Math and Sciences. They host student advising and career planning meetings and serve as mentors for up and coming math and science majors, they have done numerous Science Center clean-ups, help out with the Regional Science Fair, and help with the Regional Mathematics Contest hosted by the UAM School of Math and Sciences.
