Southeast Arkansas Regional Science and Engineering Fair
School of Mathematical and Natural Sciences
University of Arkansas at Monticello
P.O. Box 3480
Monticello, AR 71656

Dear Project Directors,

The Southeast Arkansas Regional Science and Engineering Fair (SEARSF) will be held Thursday, March 10th, 2016 in the Gibson Center Gym on the campus of UAM.

If you haven't checked the International Fair website recently, please go to their site: Society for Science & the Public and view the updated rules and regulations. All the necessary forms for your students are available at our website. Some of these forms must be filled out, printed, and mailed in; whereas some other forms must be submitted on line.

Please read the rules carefully, and make sure all the forms are prepared and submitted properly. Please remember that the regional Scientific Review Committee (SRC) must approve your student's project before competition in the SEARSF.

Each school is allowed a maximum of 3 entries per category in the senior division and 3 entries per category in the junior division.

A $35.00 regional affiliation fee is required for each school district that participates in the Southeast Arkansas Regional Science Fair. The district affiliation fee and an estimate of the number of entries from that district are due March 1, 2016. Please make the check payable to: UAM Regional Science Fair. The project entry fee is $10.00 per individual or team project. Please make the check payable to: UAM Regional Science Fair. The entry deadline for these forms is March 1, 2016. If your fair is scheduled for this date, entries need to be faxed or hand delivered by March 1, 2016. No entries will be accepted after 12:00 noon on March 1, 2016.

It is very important for us to receive all the printed forms by the due date indicated above so that the Scientific Review Committee will have sufficient time to review and approve them.

Sincerely,

Dr. Hassan Sayyar,
