University of Arkansas at Monticello  
School of Nursing  
Student Learning Outcomes – AASN

The student learning outcomes for the School of Nursing AASN graduate include demonstration of:

- the ability to critically think using a problem solving process that is goal directed and ethical based on standards of nursing practice as evidenced by average scores of ≥75% on written examinations and meeting clinical objectives;
- therapeutic nursing interventions that promote, maintain, and restore the health of culturally and ethnically diverse individuals, families, and families in communities throughout the lifespan as evidenced by meeting clinical objectives and passing the licensing examination (NCLEX-RN) the first time;
- the ability to apply management skills to provide cost-effective care, implement and support change, and serve as a client advocate as evidenced by average scores of ≥75% on delegation examination items and management journals;
- communication and collaboration with members of the health care team to provide and improve delivery of health care as evidenced by average scores of ≥75% on all process recordings and presentations; and
- the ability to educate individuals, families, and families in communities using teaching/learning principles that promote, maintain, and restore health as evidenced by scores of ≥75% on all teaching plans.
